

# Upneet Singh

## Software Engineer

Just an ordinary developer trying to build extraordinary things

upneet2213@gmail.com

8455942583

Ludhiana, India

## SKILLS

HTML 5

CSS 3

SASS

JavaScript

TypeScript

ReactJS

Context API/State Management

REST APIs

GraphQL

Apollo Client

Apollo Cache

NodeJS

MongoDB

NestJS

Apollo Server

Object Oriented Programming

Asynchronous Programming

Dynamic Programming

Data Structures and Algorithms

Python

SQL

Tailwind CSS

## WORK EXPERIENCE

### Software Engineer

#### Freshflows- American Technology Consulting (ATC)

09/2021 - Present

Remote

Product management platform for helping mission driven teams simplify the development process

##### Achievements/Tasks

- Built multiple features as part of tightly knit group, taking charge of application defining endeavours
- Worked on complex UI elements like Drag and Drop lists and kanban boards, chart diagrams, swimlane diagrams, a detailed grid system and more
- Took charge of 'Template Library' story, working with REST APIs to create the company's signature feature
- Created a custom spreadsheet component with features like custom cells, drag and drop, filtration, sorting, virtualisation and more
- Worked on 'Synced Tabs', taking care of data consistency via caching and optimistic UI updates
- Took lead on 'Bulk Import' story, allowing users to import excel sheets directly in the app and integrating data with the app's complex UI elements
- Participated in the organisation's intern program, providing mentorship
- Tech stack: ReactJS, TypeScript, TailwindCSS, GraphQL, Apollo, NodeJS, NestJS, MongoDB

### Front End Developer/ Content Writer Intern The Tech Portal

12/2019 - Present

##### Achievements/Tasks

- Built a small portfolio website for parent company-BlueBox Media
- Used React Framework in conjugation with JavaScript, CSS and HTML to manage changes and add/remove features based on feedback from manager
- Worked in a fast paced startup environment, developing a strong work ethic, graduating to handling my own team of interns
- Wrote an array of high quality tech centered articles on a daily basis-<https://thetechportal.com/>
- Technologies learnt- HTML, CSS, SASS, JavaScript, REST, Python

## EDUCATION

### B.Tech in Computer Science

#### KIIT University

07/2017 - 08/2021
